UV320 USB Flash Drive

The UV320 features a sliding USB connector, which smoothly extends from the drive at the push of a thumb. The capless design eliminates the hassle of lost drive caps. It comes with a high speed USB 3.2 Gen 1 interface and provides diverse capacities ranging from 32GB to 512GB, enabling you to share faster and store more. Available in two color combinations – black/blue and white/green to express your personal style.

Quick-slide capless design

The USB connector is concealed in the compact body, fully protected without the need for a drive cap. A simple thumb swipe forward makes it ready to use, and the reverse motion stows the connector for storage or travel.

High speed USB 3.2

Thanks to USB 3.2 Gen 1, the UV320 delivers data in up to 5Gbps for convenience and efficiency from one super-compact device via simple plug n play. It's also backward compatible with USB 2.0.
