Following the popularity of the MasterFan 120 Halo series, Cooler Master has redesigned our Dual Loop LED series fan to introduce the new MasterFan MF120 Halo² White Edition. The fan blades have been increased by 10% over its predecessor to deliver better air flow and cooling performance. The frame has been designed with a hybrid frame structure to maintain stability without sacrificing fan operational real estate. The driver IC has been upgraded for increased cooling performance while minimizing fan noise. Cooler Master has maintained the elegant Dual Loop LED design featuring our Addressable Gen 2 RGB lighting to give you the most customizable lighting to fit our design needs.
