DELL Technologies

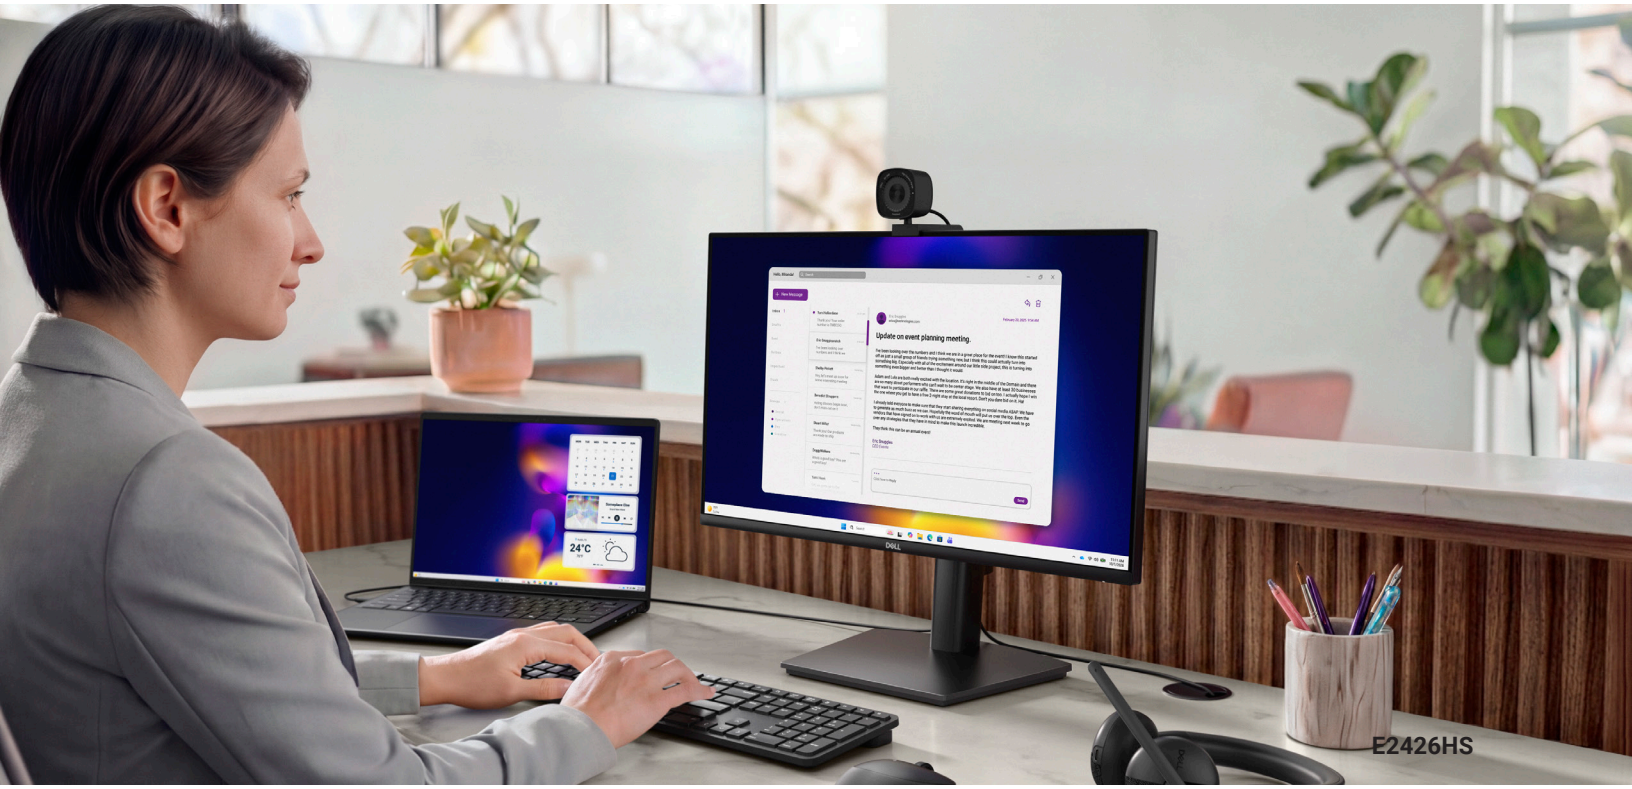

# The essentials to enhance productivity

## Dell Pro 24 Adjustable Stand Monitor with Speakers

**MODEL: E2426HS**

The world’s # 1 monitor company*

*Source: IDC Worldwide Quarterly PC Monitor Tracker, Q1 2026. Excludes Alienware & gaming monitors.

## Get the essentials to enhance productivity with this 23.8-inch height-adjustable monitor certified by TÜV Rheinland® for 3-star eye comfort.

### Improved viewing experience

Enhanced viewing experience with a 120Hz refresh rate for smoother motion and reduced flicker.

This monitor is TÜV Rheinland® 3-star certified for eye comfort, designed to help minimize eye fatigue.

Equipped with built-in hardware low blue light technology, it reduces harmful blue light emissions to ≤50% while delivering vibrant colors with 72% NTSC coverage.

Get consistent, vibrant colors across wide, viewing angle enabled by In-Plane Switching (IPS) technology. Paired with a 1000:1 contrast ratio and 300 nits, This monitor deliver picture quality perfect for your everyday productivity.

### Functional, space-saving design

Experience optimal comfort and flexibility with a height-adjustable stand that adapts to any workspace. Its VESA-compatible mounting options and compact design fit effortlessly on any desk, while built-in cable management ensures a neat, clutter-free setup.

Sleek, ultra-thin bezels allow you to see more with fewer distractions, creating a streamlined viewing experience while keeping comfort and functionality in focus. Instantly stay updated with incoming audio notifications through integrated speakers.

Intuitive navigation is made easy with an OSD joystick that allows effortless adjustment of settings for simple, easy control.

### Next-level productivity

Boost efficiency and productivity with Dell Display and Peripheral Manager that lets you customize your monitor settings, organize your screen using Easy Arrange and simplify management.

Conveniently connect to current and legacy systems via VGA, DisplayPort and HDMI ports. Make your workspace your own with VESA-compatible mounts and stands.

Experience reduced downtime with Advanced Exchange Service[1]. If, after remote diagnosis, a monitor replacement becomes necessary, it will be shipped to you the next business day.

See more >

1 Advanced Exchange Service replaces hardware after remote diagnosis. The customer must return the original hardware to Dell according to the rules specified. Advanced Exchange Service is subject to country availability. For complete details about On-site Service or Advanced Exchange Service, see more for details.

**Enhanced eye comfort**
Stay productive while ensuring eye comfort. This monitor reduces harmful blue light emissions to ≤50% for all day eye comfort without sacrificing color accuracy. 120Hz refresh rate for smoother motion, seamless scrolling, and reduced screen flicker.

**See your work clearly**
Work in FHD clarity and get consistent views across any angle, thanks to In-Plane Switching (IPS) technology. With a 1000:1 contrast ratio and 300 nits brightness, this monitor delivers vivid colors with clarity and detail.

**Multi-task with ease**
Boost efficiency with Dell Display and Peripheral Manager that lets you organize multiple apps on your screen.

**Easy to connect**
Connect to current and legacy systems via VGA, DisplayPort and HDMI ports.

**World's number 1 monitor company***

We deliver world-class monitors that have gone through rigorous development processes and stringent tests to ensure dependable performance. Get peace of mind with unmatched warranty and support options. Being environmentally forward in thinking, our monitors adhere to environment standards and are made with sustainable materials.

*Source: IDC Worldwide Quarterly PC Monitor Tracker, Q1 2026. Excludes Alienware & gaming monitors.

# Environmentally forward thinking

### Intentional design in every part

At the heart of our design is a commitment to sustainability. That's why our monitor helps reduce waste with a design made from recycled materials like up to 95% post-consumer recycled plastic, up to 16% recycled steel and up to 20% recycled glass[1].

### Environmental standards

This monitor is certified ENERGY STAR®, registered EPEAT Gold with Climate+ and carries the latest TCO Certification and is TCO Certified Edge, ensuring the use of safer materials, renewable energy use, and extended product life[2].

### Seamlessly modernize your tech

We can help you responsibly and securely retire your legacy IT equipment, regardless of brand, while addressing your sustainability goals.

Learn more >

### Packaging with purpose

This monitor ships in a box made from 100% recycled or renewable materials. We are reducing paper usage in monitors packaging, which is the equivalent to saving 790 trees annually[3].

1 Based on internal analysis, April 2026. Up to 95% recycled plastic throughout the device, up to 16% recycled steel in the monitor head and up to 16% recycled steel in the stand, and up to 20% recycled glass in the panel.

2 Based on internal analysis, December 2025. ENERGY STAR certifications may vary by region and configuration. See www.energystar.gov/productfinder/ for certification status. EPEAT registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status by country. TCO Certification may vary by region and configuration. See www.tcocertified.com/product-finder/ for certification status.

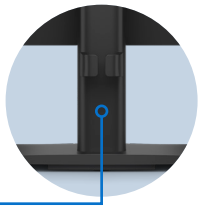

3 Based on internal analysis, December 2025. Packaging applies to all Dell monitors launched since 2023. Made from FSC mix sources which is a mix of material from FSC certified forests, recycled content and/or FSC controlled wood. January 2025, introduced cushions now made from corrugated materials. Paper reduction applies to all Monitors shipping in 2026. Reductions in paper usage in monitor packaging is attributed to the quick start guide size reduction and calibration sheet digitization. Calculation for trees saved based on: Detailed Calculator | 10 THOUSAND TREES. https://www.omnicalculator.com/everyday-life/paper-weight.

# All day comfort

Get a seamless viewing experience and focus on your task with slim bezels and small footprint.

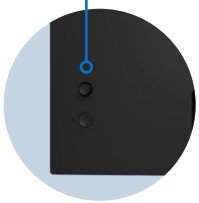

**De-clutter your workspace**

Maximize desk space with the compact monitor base and keep your cables organized and neat with the integrated cable clips on the riser.

**Easy-to-use**

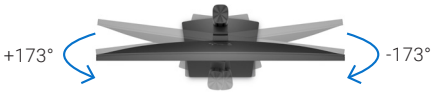

Navigate the onscreen menu and adjust settings with a convenient joystick control.

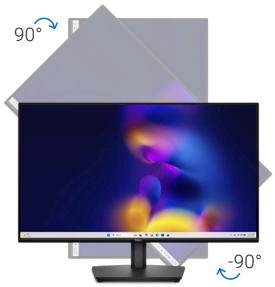

**Conveniently connect**

Connect to current and legacy systems via VGA, DisplayPort and HDMI interfaces.

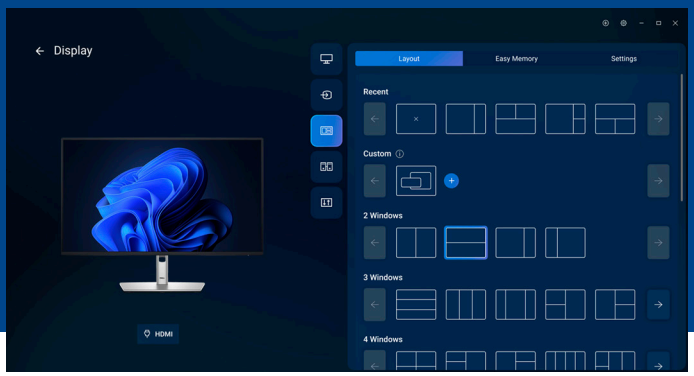

# Dell Display and Peripheral Manager

*Screen image simulated for illustrative purposes only. Monitor model varies.*

## Experience Dell's singular, innovative application to optimize the performance of your entire Dell PC workspace.[1]

### Maximize productivity

Easy Arrange tiles apps across screens with pre-set partitions and customizes up to five windows, enhancing multitasking. Easy Arrange Memory saves and restores app profiles manually, on schedule, or at start-up.

### Customize your views

Work comfortably, day or night. Automate your brightness and contrast settings to match your schedule.

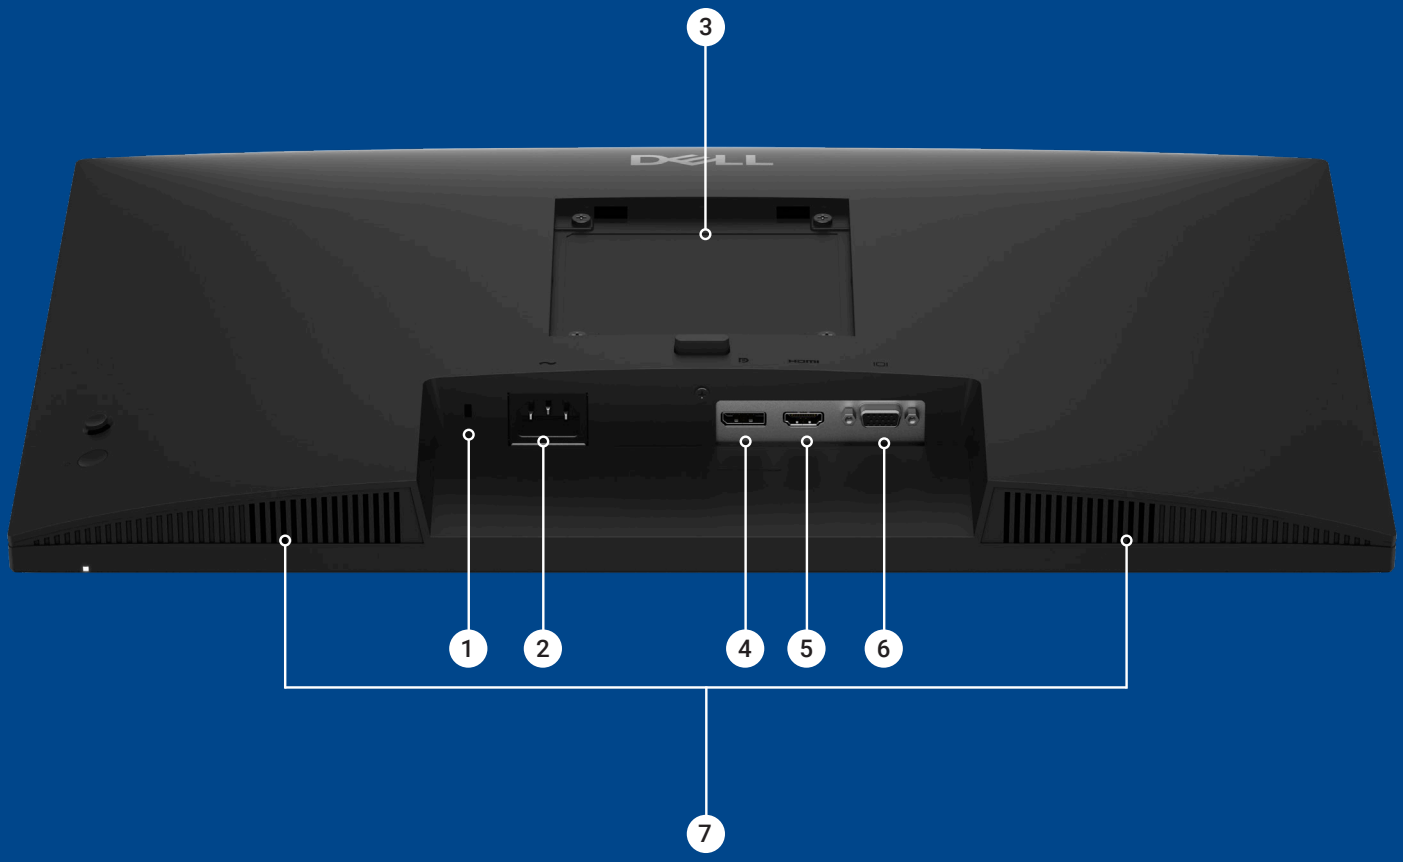

### More manageable

Scale up management across your entire fleet of Dell displays and client peripherals with expanded Command Line Interface features.

Download Dell Display and Peripheral Manager

1 Based on Dell internal analysis – December 2024.

# Ports & Slots
